# SOLICITOR IS TO PROSECUTE DELINQUENTS

Who Have Not Paid Their Taxes—Committee Appointed to Wilcome Soldiers and Assist in Finding Them Employment.

Last Monday's meeting of the town council was a very quiet one. Very little business of any importance was introduced and, as a result, there is little to report.

Mayor Bell occupied the chair and Councillors Lavelle, Broughton, Oakes and Perrins were present.

The committee appointed to confer with the Dauntless Manufacturing Company regarding some matters to be arranged between the company and the council, reported that they had made satisfactory arrangements regarding the changing of the spur track, and were also negotiating for the sale of Millia in question.

Mr. Sellhorn, manager of the Brick & Coal Company, was present and spoke regarding the business of the company's property. Mr. Sellhorn explained that as the company's head office was in Minneapolis, it took some time to communicate with the officials and that at the time he had not heard from them regarding what action they intended taking. He asked that the council delay action until he had heard from the officials of the company. This was agreed to by the council.

After hearing Mr. Sellhorn the mayor explained that the council was not desirous of embarrassing anyone or causing them any inconvenience, but owing to mistakes made by town officials in the past it was necessary for the present council to take drastic steps in order to make ends meet.

Town Solicitor Bell reported that he had written a number of notices to persons who were in arrears of taxes, as instructed by council at a previous meeting. He was further instructed to take legal action against those who had not paid up their taxes in the specified time.

The report from the pump station showed that 6,820.00 gallons of water had been pumped during December. This figured out at 68% gallons per capita.

A letter was read from the demolition organization asking the council to appoint a committee to welcome home returning soldiers and assist in securing employment for them. The following committee was appointed: D. McLachlan, president; J. Baird, secretary; Mayor Bell, Councilor Perrins and Messrs. Barber and Stone. It was decided to ask the Red Cross to appoint a committee to work in conjunction with this committee.

The secretary was instructed to write to each of the allotments made and forwarding a blue print of same. The cemetery is now ready for use, and plots may be secured by application to the town secretary.

The council then adjourned.

# Regulation Now On Seed Importation

Canadian farmers and gardeners are protected from the evils of importing inferior seed of many kinds of crops imported from other countries. By an order-in-council that came into effect in the autumn, importation is prohibited of seed of such crops as grasses, vetches, rape, other forage plants, field root and garden vegetables in lots of ten pounds or more.

The regulations were introduced through the customs' officials who are required to take and forward to the Dominion Seed Inspector, for examination, sample of lot of seeds of the classes named entered for consumption in Canada. Seed that has arrived in Canada and found to be unfit shall be deported under customs supervision. The penalty for failing to comply with these regulations is \$500 for the first offence and not exceeding \$1,000 for the second and each subsequent offence.

# Two More Redcliff Boys Return Home

During the past week two more Redcliff boys have returned from overseas.

One of the boys, who returned last Friday, was a very quiet one. He had been in the hospital for some time and was now recovering from his wounds. He was met by his family and friends and was very happy to be home.

The other boy, who returned last Saturday, was also a very quiet one. He had been in the hospital for some time and was now recovering from his wounds. He was met by his family and friends and was very happy to be home.

# SCHOOL NEWS

The "P" reaction seems to have provoked the bad habit of eating late in the morning. Consequently the tardy scholars have been quite numerous, especially in the high school grades. Following is the list of names during the month of January, according to grades:

- Primary Grade—Eight.
- Grade I—Two.
- Grade II—Four.
- Grade III—One.
- Grade IV—Two.
- Grade V—Eight.
- Grade VI—Two.
- Grade VII—One.
- Grade VIII—Two.
- Grade IX, X, and XI—Eleven.

Now that the days are lengthening we hope that all will find it easy to be late in the morning, and thus assist in getting a better report for February.

A committee appointed by the last meeting of the Literary Society has been successful in securing Red Hall for future meetings. This new arrangement will not only obviate the necessity of crowding, but will be an incentive to the development of the musical talents of the members.

The reading rooms have been renovated. Appointed committees have been successful in securing Red Hall for future meetings. This new arrangement will not only obviate the necessity of crowding, but will be an incentive to the development of the musical talents of the members.

Mr. Gray has hung a large blackboard in the boys' room, where extra classes are now being held.

The Glee Club have shown their earnestness by having two practices weekly from now on. What a sad circumstance! Some of our "rising lights" are actually going to try to prove that the secondary education they are receiving is a positive hindrance. We are all interested in the outcome of the debates.

# Old Time Sky Pilot Looks for Big Harvest

Rev. T. W. Morrow, of Medicine Hat, was in town yesterday and paid a friendly visit. When the ex-chancellor was being discussed by Morrow, who has a good memory and who is an old timer in this district, remarked that in 1901 and 1902 the weather was very similar to what we are experiencing this winter.

It was in the winter of 1901 that the Presbyterian church in Medicine Hat was built and work was continued until the 18th of January. After that the weather was a heavy snow fall which was responsible for one of the greatest spring floods ever experienced. The following summer was an exceptionally dry one. He remembers that on that occasion J. Hawk had 56 bushels of wheat and 110 bushels of oats to the acre. The total weighed 44 pounds to the bushel.

Mr. Morrow looks for a repetition of this coming harvest. He thinks we are in line for a wet spring and summer and a bumper crop.

# Belfast Upset by Labor Strikes.

There are 100,000 people involved in the strike at Belfast and 20 trades are affected. The Belfast correspondent of the Mail.

"The strike is the most serious ever known in the history of the city. The correspondent writes, 'Belfast is like a dead city. Its entire social life is paralyzed, theatres and saloons are closed, tennis courts are not running, bakeries and laundries are closing and there were no afternoon papers on Monday. Only two morning papers appeared Monday.'

Telegraphic and telephonic communication with outside districts is seriously handicapped. After sunset Belfast becomes a city of candles. Restaurants are closed and evening services cannot be held in churches. Railway stations are lighted with naphtha lamps but the electric light system is not running. Should the candle supply fail there will be a plague of darkness.

The decision of the Belgian government to maintain Ypres, the scene of several battles between the British and the Germans, in its present condition, is a permanent memorial, is endorsed heartily by British press and public opinion.

# 30 Celestials Caught In the Drug Net

As a result of a raid made on the Alberta Cafe last Saturday night by Chief Roberts, about thirty Chinese were taken in the police court last Monday morning charged with gambling and running a gambling joint.

Fifteen were charged with the lot offence but as it had not been proved that there was any gambling joint and as the men claimed they were in their regular boarding house, the magistrates reserved their decision.

Twelve of them were charged with being actual players. Among them was one who admitted they were playing fives and that two of their number acted as bankers. This dozen were fined \$5.00 and costs and the proprietors of the cafe, four in all, were assessed \$2.00 and costs. The frequenters were left off with just a lecture for February.

The raid on the cafe was made on the request of two Chinamen from Calgary who represent a Christian Chinese association. They were requested to remove the services of a Chinese doctor who sat in the game and "gave" evidence for the prosecution. They also secured the services of Mr. Blackstock, of Medicine Hat, to look after the prosecution.

It appears that there are professional Chinese gamblers who move about from place to place wherever there are Chinamen in any numbers and their living off other Chinamen who are engaged in legitimate occupations. This Christian organization is determined to discourage and break up this gang with the hope of eventually putting a stop to the gambling altogether.

# Big C New Plant Completed

The new brick chimney in connection with the foundry of the Dauntless Manufacturing Company's plant here, was completed today. This chimney is eighty feet high and contains 58,000 bricks. It is eleven feet in diameter at the base and tapers to a diameter of six feet at the top. The base is seven feet deep and contains about 51 feet of concrete. In building this chimney, J. Pettit, the contractor, was favored with ideal weather.

He started work on it a few days before the first of the year and worked at it steadily with the exception of one or two days when the high wind made it dangerous to work on the scaffolding. To build a chimney of this height in the month of January is a new record in winter outside work.

Work on the roofing of the foundry is now progressing favorably and will be completed about the middle of next week. When this is finished work will proceed with making and erecting as quickly as possible. The furnaces for the foundry have not yet arrived but are expected any time.

# Pays Tribute to British Do.

The Lord Chancellor, Sir Frederick Smith, addressed a large gathering of Canadian soldiers at the Lyceum theatre. These gatherings are held every Sunday afternoon and are promoted by the khaki university chaplain and "Y" services. Gen. Turner presided at the gathering.

The first chancellor attended the meeting on short notice, taking the place of Sir Eric Geddes. His speech was very interesting and interesting, although it dealt with nothing new. He opened with an appeal to his audience to remember always their personal condition individually but never to forget their citizenship in the British Empire. The first batch of applause came when the chancellor mentioned the name of Sir Sam Hughes.

"I believe the history of the future will show the chancellor, 'will come as one of the most wonderful things of the war the swift importation of the first Canadian contingent at Valcartier. Even at this distance and at this time, after so much has happened, let us not forget the infectious energy of the men who were sent to the front. The determination of Gen. Sir Sam Hughes."

"I could not exaggerate if I wished what all Canadians have done, how they have given their lives and, in other words, how drafts have gone forward as quickly as casualties have occurred. Had it not been for the contributions of the British Empire it is not conceivable that the British could have won this war."

The local branch of the Red Cross society gave away to a good start at a first aid evening after the long recess and by the epidemic. This meeting was held in Crow's hall last Tuesday afternoon and, considering the long holiday and change of quarters, was well attended.

A general meeting was first held. At this meeting Mrs. R. R. Storer was elected to the chair. Mr. Oakes presided. The meeting was held in Crow's hall last Tuesday afternoon and, considering the long holiday and change of quarters, was well attended.

# RED CROSS COMMENCES WORK AGAIN

Commencing at Next Tuesday Will Meet Regularly in New Quarters—Send \$500.00 to Help Office—Great Need for Continuing Work.

The local branch of the Red Cross society gave away to a good start at a first aid evening after the long recess and by the epidemic. This meeting was held in Crow's hall last Tuesday afternoon and, considering the long holiday and change of quarters, was well attended.

A general meeting was first held. At this meeting Mrs. R. R. Storer was elected to the chair. Mr. Oakes presided. The meeting was held in Crow's hall last Tuesday afternoon and, considering the long holiday and change of quarters, was well attended.

## ITEMS OF LOCAL INTEREST

Jack Flynn, who was night operator at the station here last year, returned to town this week to resume his duties.

Have you secured your dog tag and license yet? Better get busy right away, as prosecutions will be in force next week.

Within the last twelve months 400 persons have been arrested by the Edmonton detective staff for illegally trafficking in liquor, or about 30 per cent more than in the previous year.

H. Pepper left last Monday for Camrose where he will remain till spring operations make it necessary for him to return to his farm west of town.

Red Cross workers are reminded that the society will start holding regular meetings again next Tuesday in the new rooms on Fifth street. All who have work out are requested to bring it to the rooms next Tuesday.

Pts. O'Neill, McKay, of Mr. and Mrs. Geo. McKay of this town, writes home this week to say that he is now in Belgium and that he expects to get orders in the near future to return to England. While engaged in battle just prior to the signing of the armistice he won M. M. which he is sending home to his parents.

Councillor Broughton met with a painful accident last week as a result of which he now has a stiff leg. While engaged on his work he slipped on a piece of timber and threw his knee joint out of place. Although able to get about, the limb gives him considerable pain.

Confirmation services will be held in St. Ambrose church next Sunday morning at 11 o'clock by the Bishop of the Diocese. We understand there will be a number of candidates and an impressive service is anticipated. In the afternoon at 3 o'clock the bishop will dedicate the portion of the cemetery set apart for this congregation.

A box social will be held in the Bowell school on Friday evening February 7th, under the auspices of the Bowell Red Cross auxiliary. All are invited to attend this social and help along the cause. As this is a box social the ladies are reminded to bring their box of refreshments. During the evening games will be provided and a pleasant social evening is assured.

The Canada Food Board has been informed that field and garden seeds have been removed from the restricted export list of the United States, and that American shippers in future do not require licenses for shipments of seeds coming into the Dominion. The removal of the United States restrictions on flour also will extend to Canada.

The Review is today in receipt of a letter from Teddy Osgood, a Redcliffe boy who is now in Germany with the Canadian forces. He reports having spent Christmas very pleasantly with old Redcliffe boys among whom were W. Miller, W. Waters, J. Ferguson and his own two brothers. Teddy has evidently had his share of marching. He says he went through France, and Belgium on foot and followed the Huns back to the Rhine. He is taking advantage of this opportunity to see the country in his spare time and is greatly impressed with the beauty and kindness of the Belgian girls. He wishes to be remembered to friends here and sends his best love to his mother.

St. Ivan's Alberta bred stallion, has been sold to Eamon Marshall, of Kentucky, for \$35,000.

WANTED—Teacher; march 3rd, for Breslau school. Apply to Harry Johnson, secretary, Redcliffe.

The 1925 \$100 bearer bonds have now arrived at the banks and owners are asked to call and get same as soon as possible. The 1925 bonds are expected to arrive in a few days.

Another large party of returned veterans have arrived at the Atlantic seaboard on the steamer Aquitania. Among the list of names of those on board are Y. J. Lavall and C. Z. Niven, both of Redcliffe. They will come west by special train and it is expected they will arrive here some time this evening.

## CHURCH NOTICES

**PRESBYTERIAN CHURCH.**  
Services as usual. In morning at 11 o'clock and evening at 7:30. Sunday school at 12:30. Rev. J. W. Morrow will conduct the services. Morning subject "The Herald of Christ." Evening, "Thine Big and Little."

**CATHOLIC CHURCH.**  
Until further notice services will be held in Crow's hall on the fourth Sunday of each month.

**CHURCH OF ENGLAND.**  
Friday—Evening 7:45. Full choir practice at 8:10.

Saturday—Confirmation candidates class at 8 p. m.

Sunday—Holy communion at 8; confirmation service at 11. Sunday school at 2:30. Dedication of the cemetery at 3 p. m. Evening at 7:30.

Monday—Junior W. A. Boys and girls confirmation class 7:30. Wednesday—Boys' Guild, Women's confirmation class at 8. Thursday—W. A.

## Trouble Now Over German Colonies

In referring to discussions of the future of Germany's colonies by the peace congress, the Paris correspondent of the London Mail writes:

"President Wilson appears to have put forward a general scheme which may be termed the internationalization of Germany's late possessions. This plan is not exactly defined, but in principle it would make it mandatory for various powers to administer the colonies subject to the control of the league of nations.

"British delegates do not object to such procedure respecting the colonies in Africa, although other nations, namely the French and Portuguese, do not acquiesce, and the Union of South Africa definitely claims Borneo South-west Africa. As regards the Pacific, Australia claims New Guinea and the Bismarck archipelago; New Zealand claims Samoa, and Japan desires the Marshalls and Carolines. Japan also suggests an equatorial delimitation between British and Japanese influence in the Pacific.

The correspondent refers to the Anglo-Japanese secret treaty of 1916, which assigned the Marshalls and Carolines to Japan, and adds:

"Such possession would be very disastrous to the United States and the American people, and President Wilson agrees to this move his power will be seriously impaired. It is suggested that from this comes his earnest demand for the internationalization of all Pacific colonies. It is quite clear, however, that the whole voice of the British empire at the peace congress supports the claims of Australia, New Zealand and the Union of South Africa, and also agrees to the retention by Japan of the Marshalls and Carolines, with equatorial delimitations of influence. It was the current opinion Tuesday

## Bureau Research

## For This Province

Alberta is to have a "bureau of industrial research." This will be the apex of a conference to be held at Edmonton just prior to the sitting of the legislature. The conference is the outcome of action taken originally by the Union of Municipalities as the direct result of an address delivered by Mayor Brown of Medicine Hat. A committee was appointed by the union's annual meeting. This committee met other representatives at Calgary recently and appointed three men, one of whom is the Mayor, to arrange for the provincial conference. The other members of the last named

## The cost of ALBERTA MUNICIPAL HAIL INSURANCE is so low that no farmer can afford to be without it

Consider this. Over a period of five years (1914-18) The Alberta Municipal Hail Insurance District has carried a total of \$39,000,000.00 of insurance at an average premium of less than 5-2-3 per cent. During that time the average cost of operating expenses was only a trifle over five cents on the dollar. The new plan promises even better results.

As there are no profits to be made or dividends to be paid, it provides the opportunity for fair adjustment of all claims on the basis of actual damage done.

You will save money by voting for Municipal Hail Insurance at the forthcoming election.

For further information see your Secretary-Treasurer or write
